DATASHEET / BROCHURE

Full HD, mobile projector for the office and home with 3LCD technology, WUXGA resolution and flexible, easy-to-use features

Whether delivering crisp, clear presentations or viewing films and family photos on a big screen, the stylishly-designed EB-U32 is ideally suited for both the office and home. Easy to move and quick to set-up, users can start watching exceptional-quality content in no time at all.

High-quality, bright images

Experience Full HD images that are three-times brighter than competitor products¹ thanks to 3LCD technology and equally high White and Colour Light Output. View your content like never before and pick out even the finest detail with crisp, clear blacks creating clearly defined shadows, all thanks to a 15,000:1 contrast ratio.

Built-in wireless connectivity

Ideal for the office environment, the projector allows users to get started right out of the box. Create collaborative and productive meetings and share a range of content across various locations thanks to built-in connectivity options.

The big picture

Able to take content from a range of sources and display it up to a massive 300 inches, the EB-U32 has dual HDMI inputs to allow users to broadcast high-quality digital video and audio content. You can even project photos and documents straight from a smartphone or tablet with Epson's iProjection app².

Keep costs down

With a long air filter maintenance cycle and lamp life of 10,000 hours in eco mode, users won't need to waste time and money on maintenance.

Everything included for fuss-free installation

An included carry case makes for easy movement of the projector from room to room. Horizontal and vertical keystone correction means the projector can be installed in a number of places without distorting the image.
