## The features that separate SMART from the competition:

### Interactive Display

The commercial-grade, HD/LCD display enables an unrivalled touch experience.

### Enhanced Audio

Up to 5 tabletop microphones can be connected, ensuring effective coverage and integrated speakers offer high quality sound.

### Panoramic Video

The HD camera has a 109 degree field of view that displays the entire room and adapts to any lighting condition.

### Immediate Startup

Equipped with Proximity Detection, the display turns on when you walk into the room and meetings are loaded by pressing a button.

### Interactive Sharing

Enable dual touch and inking capabilities onto any application by plugging in a laptop and conducting a desktop share. Access the revolutionary Unbound Workspace, which lets you pan and zoom to any level of detail, whatever the detail and complexity of the content.

### Administrative Console

With its 11.6" display, the console has large touch points, which makes controlling the overall meeting easier without the need for a remote control.

### Premium Services

Implementation and adoption consulting services ensure your SMART Room System is installed properly and is used effectively. Its reporting options give you detailed insight into system usage.
